Summary

I am a motivated and analytical Data Analyst with experience in evaluating dashboards and developing KPI reports. I am a certified Excel specialist, proficient in SQL, Python (Pandas), Power BI, and AI tools such as ChatGPT & Deep Seek to enhance data analysis, automate tasks, and support decision-making. A focused collaborator, I am dedicated to interdisciplinary communication, possess strong interpersonal skills, and excel as both a team player and a team leader.

Professional Experience

ACABAR MARKETING INTERNATIONAL INC.

Data Analyst & Administration | Mar 2025 – Sep 2025

Accomplishments:

- **Data Analysis & Insights:** Performed ETL processes and delivered actionable insights from an 800K+ row dataset using Excel, SQL, Python (Pandas), and ChatGPT to accelerate code generation, data exploration, and reporting—directly supporting product development decisions.
- **Reporting & Dashboards:** Standardized KPI reporting for the marketing team, improving visibility into campaign performance. Analyzed daily and monthly data using pivot tables and VLOOKUP or INDEX-MATCH, identifying key trends.
- **Administration:** Managed scheduling for a national team, improving meeting efficiency, and coordinated cross-department administrative support during a company-wide software transition. Also handled Tarkie app administration for clients under the Samsung account.

ACABAR MARKETING INTERNATIONAL INC.

Report Analyst & Administration | Sep 2025 – Currently

Accomplishments:

- **Report Analysis & Insights:** Successfully managed reporting and administrative functions for the Tarkie app on the Samsung client account, improving data accuracy and ensuring timely report delivery to enhance client decision-making.
- **Report Analysis & Summaries:** Analyzed complex datasets to create clear and concise summary reports for stakeholders, and developed automated reporting templates and dashboards that enabled timely, informed business decisions.
- **Administration:** Managed and analyzed data within the Tarkie app for the Samsung client account, delivering actionable insights to drive business decisions.

JF TECH IND'L SERVICES INC. of FMIDC

Office Admin Operation | Mar 2024 – Mar 2025

Accomplishments:

- **Salesforce Administration:** Implemented a customized Salesforce solution to streamline data entry by integrating inputs from completed external documents.
- **Reporting & Summaries:** Maintained and analyzed large datasets to support inventory management reporting. Utilized summary tools such as PivotTables, VLOOKUP, and INDEX-MATCH to identify trends and improve data accuracy.
- **Task Management:** Managed front-desk operations and improved the client check-in process, resulting in increased customer satisfaction scores.
